Dear AES PAC

Re: Request for Access to Information made under the *Freedom of Information and Protection of Privacy Act* (“FIPPA” or the “Act”) - Extension

We write to you regarding your request for access to information made under the Freedom of Information and Protection of Privacy Act (“FIPPA” or the “Act”) which was received by School District No. 83 on May 20th, 2025.

We confirm that you have requested the following records:

- Complete Data Set of school-level financial information for each of the past 10 years
- Budget figures for upcoming year
- Student enrolment totals for each school
- FTE tables for staffing by school

While School District No. 83 endeavors to respond to requests for access to information within 30 business days after receiving the request, School District No. 83 has determined that additional time will be needed in order to respond to your request. Additional time is needed to address the following:

- Clarify the scope and nature of the information
- Due to the large volume of records requested additional time is needed to complete the search and prepare the records

Under section 10 of the Act, we are permitted to extend the time for responding by an additional 30 business days in such circumstances. The new deadline under the Act for disclosure to you is August 13th, 2025.

If you feel this time extension is unjustified, you may ask the Information and Privacy Commissioner to review School District No. 83 decision within 30 days of receipt of this letter. For more information, please see: [How to Make a Complaint](#).

If you have any questions about this letter, please feel free to contact the undersigned.

Yours truly,

Jeremy Hunt
Acting Secretary-Treasurer
